

## QUESTIONS & ANSWERS

### 1. What is Kingdom Builders?

Kingdom Builders is a missions fund to give to Global Missions, Local Church Outreach, and Future Christian Leaders.

### 2. Why is it important to give beyond my Tithe?

- Heart of Mission. Limiting your giving to just the tithe can de-emphasize the heart of world missions and local church outreach. Kingdom Builders gives us the opportunity to give to specific projects and missionaries.
- Scripture calls for "Tithes and Offerings." From Genesis to Revelation, there are different types of offerings and giving models. Tithing was instituted before the Law, commanded in the Law, and validated after the Law. The New Testament calls for radical generosity and to support the local church and missionaries like Paul the Apostle.

### 3. What is the difference between Tithe and Offerings?

*Tithe:* Biblical teaching of giving 10% of income for funding the church. Biblical giving starts here. Christians should tithe or start making steps towards the goal of 10%.

Kingdom Builders is your offering "above and beyond" the tithe. It is a call to step up the generosity ladder. This giving goes 100% to the 27 projects listed.

### 4. When and how do I start giving to Kingdom Builders?

Start today. Give securely online, via the NLCHURCH app, or give each week in the offering. Identify what campus you attend and clarify your tithe amount and Kingdom Builders offering.

People can give:

- A set amount each week, month, or year
- A set percentage of their income
- Special gifts from Real estate, stocks or commissions, or any creative ways God blesses you

### 5. How long is the Kingdom Builder commitment?

The first launch of Kingdom Builders will be 18 months, July 2019-December 2020.

# KINGDOM BUILDERS PROJECT GUIDE
